Level III Shinpiden Reiki Teacher Course

17-19 November 2011

These particular teachings are not widely taught in the Reiki community and therefore are a must for any serious Reiki practitioner or teacher.

This intensive Shinpiden Reiki Master/Teacher course focuses on Reiki as a spiritual practice from a Japanese perspective. Study and practice the underlying Japanese esoteric principles of the precepts, symbols, mantras and reiju (attunement).

Learn a unique traditional Japanese Reiki method of working with the jumon (mantras) of the system.

Receive manuals for all levels and a Usui Reiki Ryoho Shinpiden Master/Teacher Certificate from the International House of Reiki.

Frans and Bronwen Stiene are the authors of The Reiki Sourcebook, The Japanese Art of Reiki, A-Z of Reiki and Your Reiki Treatment and founders of the International House of Reiki, and recognized as leading global Reiki researchers.
